

## **Senior Environmental Consultant – Approvals**

Are you seeking a company that:

- Tailors your role in the company to your unique personal strengths, whether that's in business development, project management, leadership or technical excellence?
- Provides career progression in areas you love to work within?
- Values and rewards its employees?
- Provides flexible work options and a fun and supportive workplace?

### ***Then check us out!***

With the continued success of our Western Australian business, we are looking for an enthusiastic Senior Environmental Consultant to join our talented Approvals team.

ECO LOGICAL AUSTRALIA PTY LTD, a Tetra Tech Company, is one of Australia's leading environmental consultancies, with over 240 professionals employed across the country. With our exciting growth and development, we continue to make a significant contribution to improving environmental management and impact assessment in Australia by delivering high quality consulting services that combine a landscape approach with sound scientific principles, strategic thinking, effective communication and integrity.

Culture is important to us, in fact, one of our company values is "feed the culture". It's crucial that our workplace is, and remains, one that you will love to work for each day. So here are some insights about us:

- We are a fun and supportive team who are constantly on the hunt for the best coffee
- Flexible working isn't a phrase for us but a way of life
- We pride ourselves on being a dynamic, high performing team that seeks out exciting projects and professional development opportunities
- Our offices are in great locations, with the Perth CBD office close to many public transport options with amazing end of trip facilities
- We will give you an extra day of annual leave each year for your birthday, because everyone deserves their birthday off!

### **About the role:**

As our newest Senior Environmental Consultant - Approvals you will have an opportunity to work on a range of projects, primarily in the resources and infrastructure sectors, across both State and national level approvals projects. We have great clients who value our work so growing and maintaining client relationships is a key part of this Senior role.

You will work collaboratively with internal and external specialists across a range of disciplines to produce high quality documents that meet the needs of both our clients and regulators.

We will provide you with opportunities to further broaden your expertise while being supported by our team of approachable experts.

### **About you:**

We think you will love this role if you're the type of person who:

- Is a strong communicator and advocate of science and innovation

- Is passionate about impact assessment and approvals
- Has a curious mind
- Loves a challenge
- Has excellent project management and mentoring skills
- Has a keen eye for detail
- Can synthesise large amounts of scientific writing into meaningful outcomes.

To be successful you will also have:

- A relevant scientific or engineering degree in areas such as Environmental Science, Environmental Management, Environmental Engineering, Law or Planning
- 7+ years industry experience, particularly in the resources or infrastructure sector (preferably in WA)
- Demonstrated success in environmental impact assessment and approvals
- Demonstrated project management experience
- Previous experience in the consulting sector (desirable)
- Confidence in meeting, advising and working with clients and regulators
- Experience in preparing a range of high-quality reports including impact assessments, monitoring and management plans
- Current driver's licence and the ability to travel if required.

**What we will offer you:**

A competitive remuneration package in addition to a range of other benefits including study assistance, professional development, opportunity to purchase additional leave and salary sacrifice into super, birthday leave and health and wellbeing initiatives.

If you are an Australian resident, are seeking an exciting career development opportunity where workplace culture is highly valued, and where you can further grow and develop with the support of industry experts, please forward your application (including cover letter addressing the above criteria) to Bec South, HR Coordinator, via email [hr@ecoaus.com.au](mailto:hr@ecoaus.com.au) before close of business 7 August 2019.

For further information about the position please contact Jen Longstaff, Approvals Manager, on 08 6218 2113.
